Fuel Pipeline Inquiry

Refining NZ looks forward to working with the Government in the Inquiry into the 2017 outage on the Refinery to Auckland pipeline and the resilience of fuel supply into Auckland.

“The pipeline is a vital piece of infrastructure for New Zealand. It is good to see the scope and terms of reference for this Inquiry confirmed, and we will continue to work with the Government and assist the inquiry in every way,” Refining NZ CEO, Mike Fuge, said.

Refining NZ has provided the Government with expert reports on the outage and kept it closely informed on pipeline monitoring and ongoing work by the refinery in supporting the resilience of Auckland’s fuel supply.
